# **The Best Blu-Ray Film Releases Of 2010**

2010 brought some great changes in film releases area. Movie news involves the planned alteration of the Spider-Man series, including a new wind on the plot and an absolutely new cast. It was declared that the excitedly awaited Transformers 3 will be released soon and title of the film will be Dark Side of the Moon. There were also rumors that an Alan Partridge movie came back again and will be released for a while.

The greatest movie releases of the year include Avatar, Kick-Ass and Toy Story. Avatar has moved film industry to the entirely new level, as it was made in 3D technology, which has gained a great popularity lately.

Among documentary movies, such releases as Wonders of the Universe, Wonders of the Solar System can be named.

2010 saw many Blue-ray movies of good quality created, ranging from past classics to fresh Box Office hits. 2010 saw many Blue-ray movies. So, which one was the most popular? To make the great Blue-ray disc the film should have amazing sound and visuals. Both have the best that high definition can offer. And many extra features that enhance the discs for above anything you find on a DVD. At last, but not the least, is the movie itself. It must be a brilliant film experience that makes us wanting to see it over and over again. Here is a list of top blue-ray films released in 2010 that you should have.

Lord of the Rings: The Trilogy: Many of us were disappointed, because this was the Blue-ray theatrical release and not the extended version. The theatrical version is great cinema.

Avatar Extended Version: This fabulous collection film disc involves the original theatrical release and the exclusive extended cut. You will also get bonus of 8 hours of extra materials.

Lost: Complete Collection: This amazing show has changed our outlook on how we watch television, starting from the dramatic opening scene to theatrical final moment.

Psycho: Filled with extra features, this film is coming in Blu-ray quality. It is one of the best horror films ever produced.

Toy Story Trilogy: Now you can enjoy the full Toy Story trilogy in a 10 disc Blue-ray Box set. All three movies are here including DVD and digital copies of the film.

Life: These series from the BBC is a continuation of the very successful Planet Earth and the Blue Planet: Seas of Life. In accordance with these series Life should be considered as a vital viewing and be a priceless contribution to anyone's collection. Amazing HD visuals and great soundtrack are great.

Seven Samurai: It is a creation of Akira Kurosawa is one of the most stunning films of all time. It is regarded as one of the most splendid films ever released. If you like good films, this should become a part of your collection.
